BUSINESS / HEALTH / DIGITAL EDUCATION

Contents

MEET OMNIA UNIVERSAL ACADEMY

Learn with purpose. Grow with confidence.

Omnia Universal Academy (OUA) brings professional learning to a global community through a flexible, fully online platform. Its approach combines subject knowledge with practical skills, giving learners opportunities to explore a new field, strengthen existing expertise and continue their professional development.

OUA's programs span business and professional studies, health and wellness sciences, and digital and intelligent education. Across these fields, the academy emphasizes clear learning outcomes, real-world application, ethical practice and ongoing curriculum improvement.

With AI-supported digital learning and a commitment to inclusion and lifelong growth, OUA aims to make career-focused education accessible across locations. The courses in this collection introduce the knowledge, ideas and skills that help learners navigate a changing world.

LEARNING WITH A WIDER HORIZON

Online learning. Practical skills. Global possibilities.

39 PROGRAMS

Applied Business & Professional Studies

Management, finance, hospitality, legal studies and wider professional knowledge.

33 PROGRAMS

Applied Health & Wellness Sciences

Caregiving, clinical support, nutrition, rehabilitation and personal wellbeing.

18 PROGRAMS

Applied Digital & Intelligent Education

Marketing, AI communications, robotics, digital media and emerging technologies.

Academy profile: www.omniauniversalacademy.com/about

Applied Business & Professional Studies

90 diploma courses across three specialist categories. Select a course to open its page.

39 DIPLOMA COURSES **COURSE PAGES 06-44**

Diploma in Business Administration	06
Diploma in Events Management	07
Diploma in Human Resources Management	08
Diploma in Secretarial & Office Administration	09
Diploma in Engineering Project Management	10
Diploma in Warehouse & Storage Management	11
Diploma in ISO Auditing	12
Diploma in OSHA Health & Safety	13
Diploma in Security Management	14
Diploma in Supervision Skills & Strategies	15
Diploma in Master Closer Sales	16
Diploma in International Finance	17
Diploma in Insurance Broker	18
Diploma in Insurance Claims Handling	19
Diploma in Life Insurance & Retirement Savings	20
Diploma in Hospitality Management	21
Diploma in Microsoft (MS) Office	22
Diploma in Travel & Tourism Management	23
Diploma in Airline Cabin Crew Service	24
Diploma in Successful Waiter	25
Diploma in Professional Barista	26
Diploma in Solar Energy & Renewable Energy	27
Diploma in Wastewater Treatment & Recycling	28
Diploma in Law Clerk & Paralegal Studies	29
Diploma in Real Estate Investing	30
Diploma in Diversity & Equality	31
Diploma in Sports Coaching	32
Diploma in Football Coaching	33
Diploma in Sports Marketing	34
Diploma in Floristry & Garden Design	35
Diploma in Time Management	36
Diploma in Earthquake & Safety Measures	37
Diploma in Human World Geography	38
Diploma in World History	39
Diploma in Cultural Studies & Developments	40
Diploma in Astronomy	41
Diploma in E-Commerce & Online Business Management	42
Diploma in Import, Export & International Trade Management	43
Diploma in Supply Chain, Procurement & Global Logistics	44

Applied Health & Wellness Sciences

90 diploma courses across three specialist categories. Select a course to open its page.

33 DIPLOMA COURSES **COURSE PAGES 45-77**

Diploma in Nursing Assistant	45
Diploma in Caregiver	46
Diploma in Caring for Alzheimer's & Dementia	47
Diploma in Medical Laboratory Assistant	48
Diploma in Phlebotomy	49
Diploma in CPR and First Aid	50
Diploma in Pharmacy Technician Assistant	51
Diploma in Human Anatomy & Physiology	52
Diploma in Healthcare Cleaning Management	53
Diploma in Nutrition	54
Diploma in Diabetology & Diabetes Control	55
Diploma in Autism Spectrum Disorder	56
Diploma in Early Child Daycare Education	57
Diploma in Physiotherapy Machines	58
Diploma in Sports Injuries	59
Diploma in Sports Fueling & Performance	60
Diploma in Cosmetic Injectables, Botox & Fillers	61
Diploma in Skin Care & Skin Treatment	62
Diploma in Beauty & Beauty Therapy	63
Diploma in Brain Diseases & Disorders	64
Diploma in Understanding Epilepsy & Seizures	65
Diploma in Sports & Exercise Psychology	66
Diploma in Weight Loss Management	67
Diploma in Pets First Aid & CPR	68
Diploma in AI Applications in Healthcare	69
Diploma in Digital Health, Electronic Health Records & Health Informatics	70
Diploma in Healthcare Administration & Patient Safety	71
Diploma in Infection Prevention Control & Healthcare Quality	72
Diploma in Sports Science	73
Diploma in Medical Coding, Billing & Health Insurance	74
Diploma in Chiropractic Therapy	75
Diploma in Understanding Cardiovascular Diseases	76
Diploma in Understanding Cancer & Oncology	77

Applied Digital & Intelligent Education

90 diploma courses across three specialist categories. Select a course to open its page.

18 DIPLOMA COURSES **COURSE PAGES 78-95**

Diploma in Digital Marketing	78
Diploma in Social Media Marketing	79
Diploma in Artificial Intelligence Communications	80
Diploma in Emotional & Business Intelligence	81
Diploma in Electric Vehicle Technology	82
Diploma in Understanding Cryptocurrencies	83
Diploma in Robotics	84
Diploma in Digital Social Media in Healthcare	85
Diploma in Models & Trends in Computer Vision	86
Diploma in Digital Journalism	87
Diploma in E-Sports	88
Diploma in Digital Photography	89
Diploma in AI Agents & Intelligent Business Automation	90
Diploma in Generative AI & Prompt Engineering	91
Diploma in Cybersecurity & Network Defense	92
Diploma in Data Analytics, Power BI & Business Intelligence	93
Diploma in Instructional Design & E-Learning Development	94
Diploma in Web & Mobile Application Development	95

DIPLOMA IN

Business Administration

Build the skills to lead business forward.

Build practical knowledge of business operations, management and strategy to approach professional challenges with clarity and confidence.

DIPLOMA IN

Events Management

Turn bold ideas into unforgettable experiences.

Explore event planning, coordination and delivery, and discover how thoughtful organisation transforms an idea into a memorable experience.

DIPLOMA IN

Human Resources Management

Empower people. Strengthen every organization.

Explore recruitment, employee development and workplace relationships to understand how effective people management supports stronger organisations.

DIPLOMA IN

Secretarial & Office Administration

Bring clarity, confidence and order to every day.

Develop an understanding of office coordination, professional communication and administrative support to help keep a modern workplace organised and responsive.

DIPLOMA IN

Engineering Project Management

Lead complex projects from vision to reality.

Explore project planning, resources and team coordination to understand how engineering ideas progress towards effective project delivery.

DIPLOMA IN

Warehouse & Storage Management

Keep every operation moving with precision.

Discover the principles of inventory, storage and warehouse operations, and explore how efficient systems support reliable movement of goods.

DIPLOMA IN

ISO Auditing

Build trust through quality and precision.

Explore audit planning, evidence and quality assurance to understand how structured reviews support organisational standards and continuous improvement.

DIPLOMA IN

OSHA Health & Safety

Build a stronger culture of workplace safety.

Explore workplace hazards, prevention and safety responsibilities to build a clearer understanding of proactive occupational health and safety practices.

DIPLOMA IN

Security Management

Think ahead. Protect what matters.

Explore risk awareness, security planning and operational oversight to understand how organisations protect their people, information and assets.

DIPLOMA IN
Supervision Skills & Strategies
Inspire your team. Elevate their performance.
Discover practical supervision approaches that support clear communication, constructive feedback and more confident, effective team leadership.

DIPLOMA IN

Master Closer Sales

Build trust. Handle objections. Close confidently.

Explore consultative selling, objection handling and negotiation to build a clearer understanding of persuasive, trust-based sales conversations.

DIPLOMA IN
International Finance
Understand the forces shaping global finance.
Discover the relationships between currencies, markets and international business, and explore the principles shaping financial decisions across borders.

DIPLOMA IN

Insurance Broker

Connect people with protection that fits.

Explore insurance products, risk and client needs to understand the broker's role in connecting people with appropriate protection.

DIPLOMA IN

Insurance Claims Handling

Navigate every claim with clarity and care.

Explore the claims process, documentation and professional communication to understand how careful assessment supports clear, responsive claims handling.

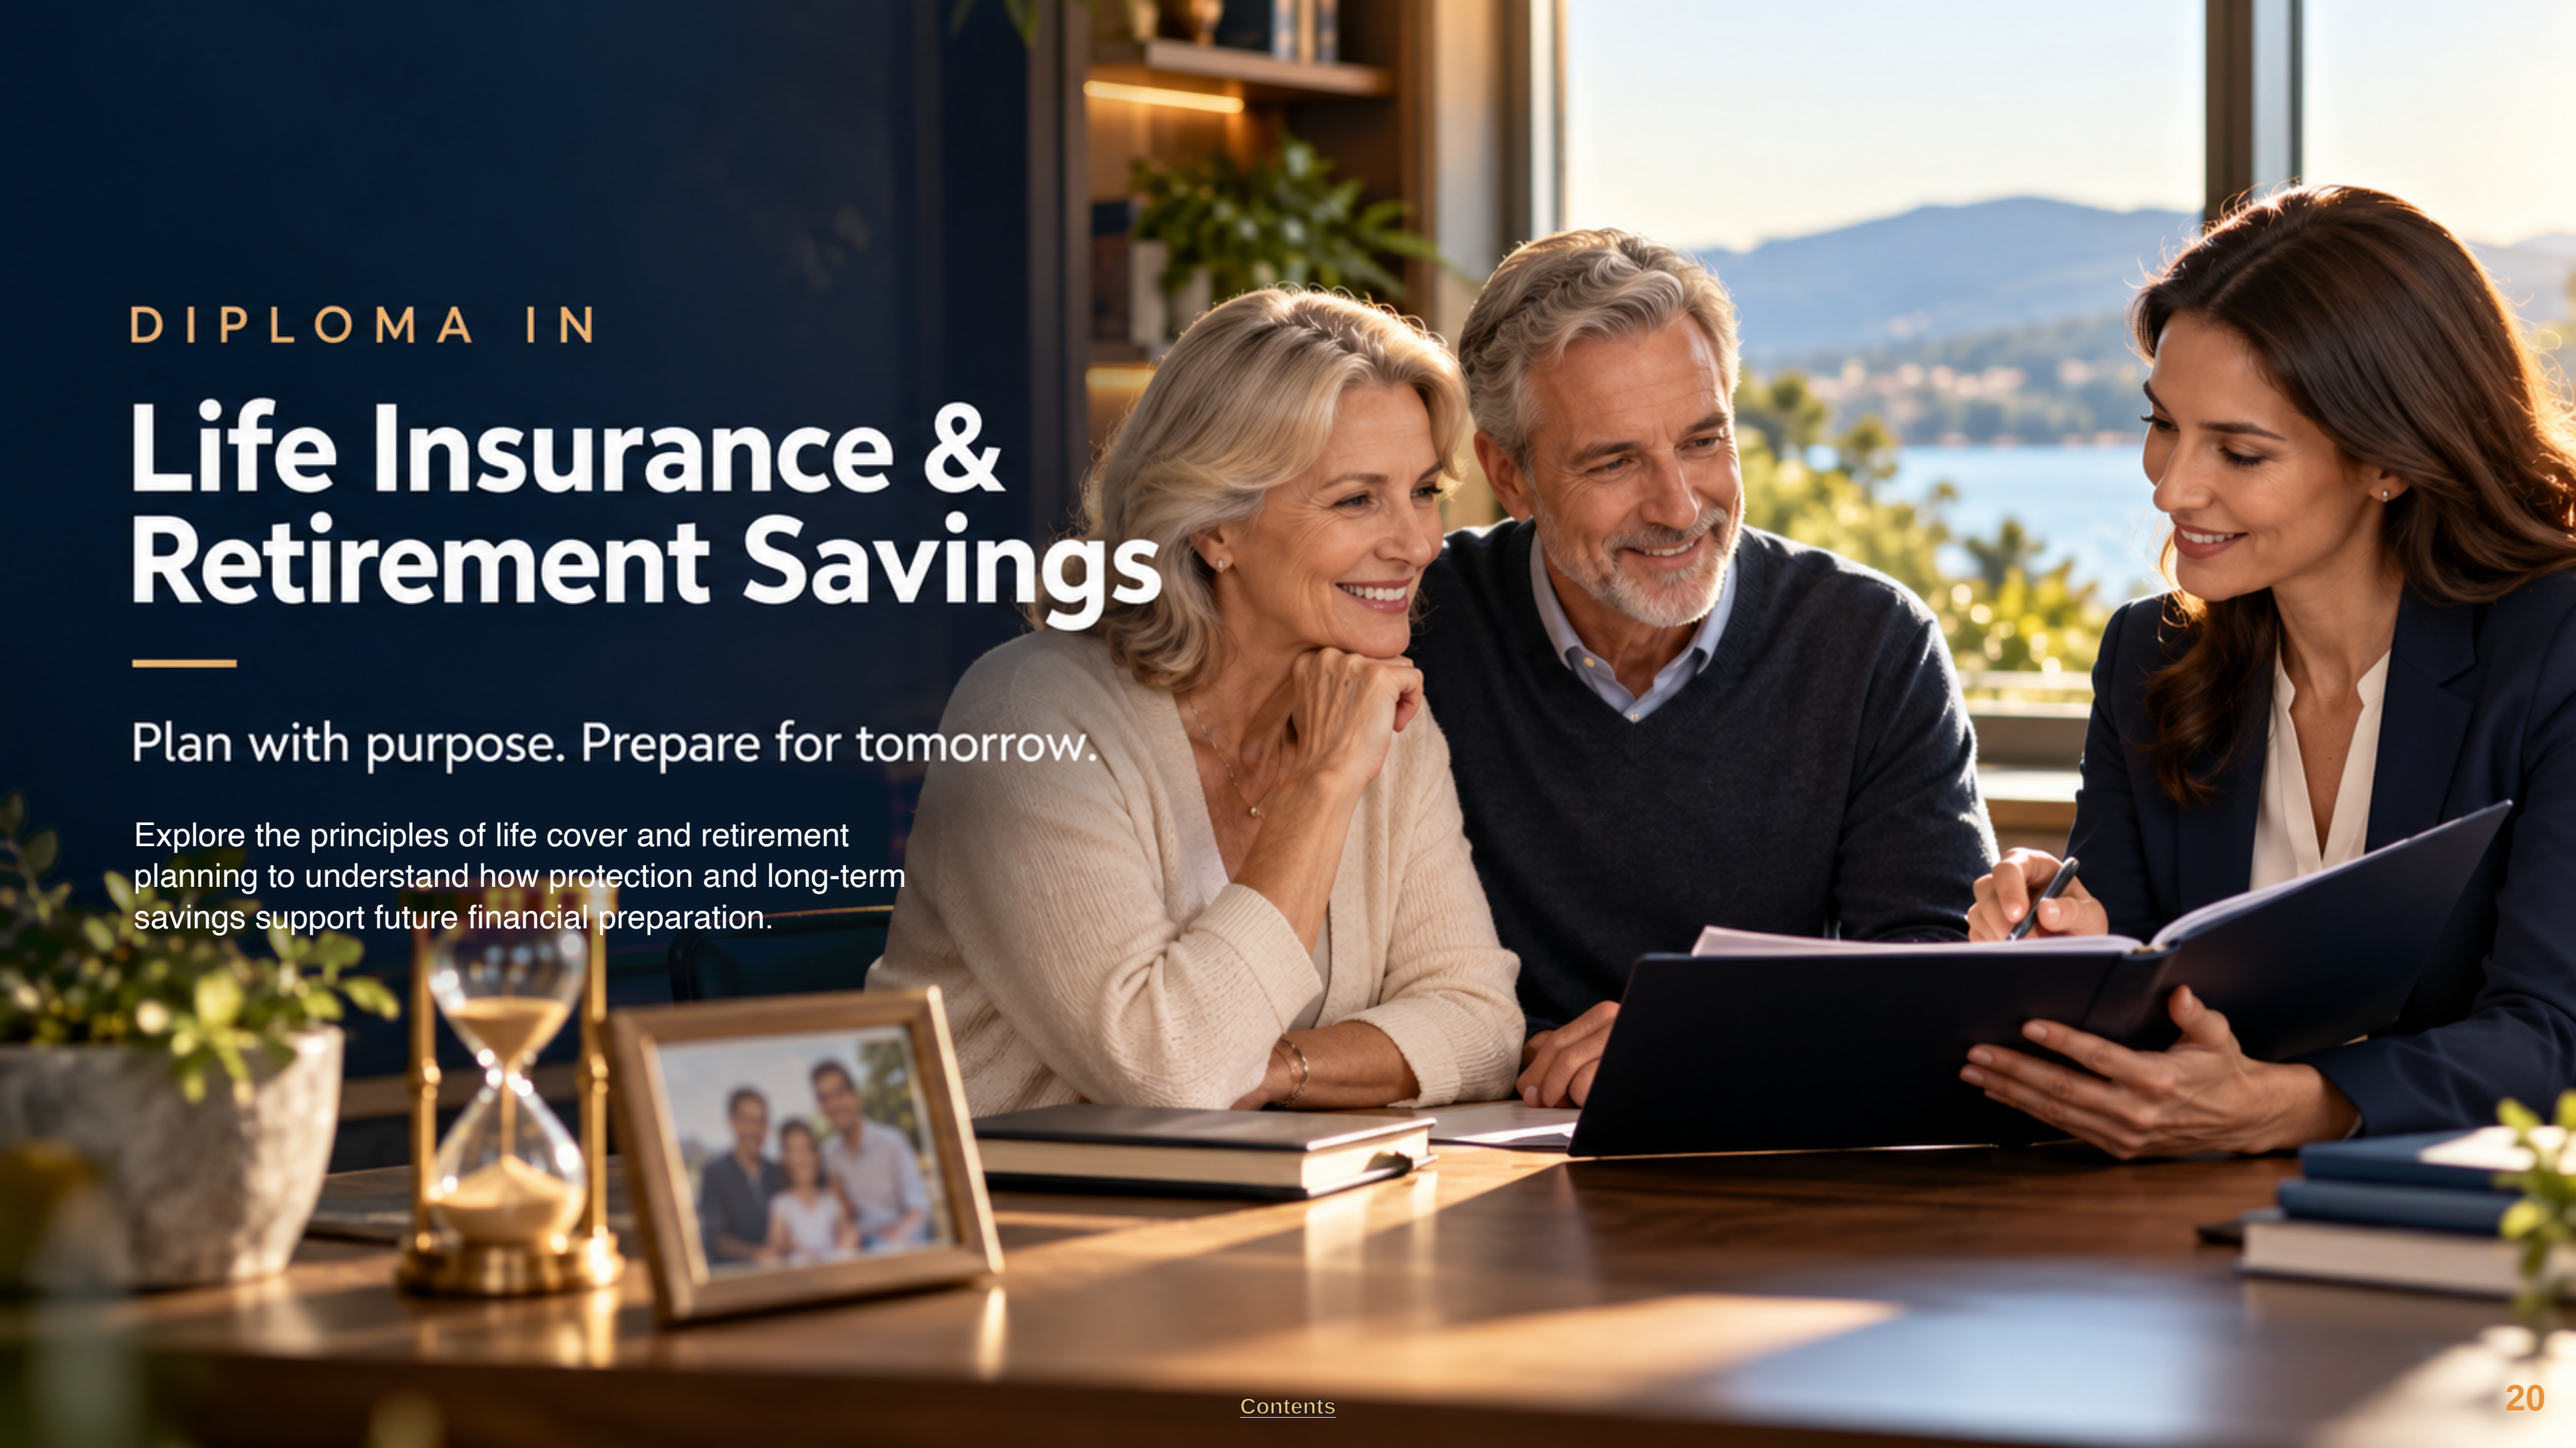

DIPLOMA IN

Life Insurance & Retirement Savings

Plan with purpose. Prepare for tomorrow.

Explore the principles of life cover and retirement planning to understand how protection and long-term savings support future financial preparation.

DIPLOMA IN

Hospitality Management

Create exceptional stays through thoughtful leadership.

Discover how guest experience, service operations and team leadership come together to support a welcoming, professionally managed hospitality business.

DIPLOMA IN

Microsoft (MS) Office

Turn everyday tasks into powerful productivity.

Explore word processing, spreadsheets and presentations to build a more confident, organised approach to everyday office productivity.

DIPLOMA IN

Travel & Tourism Management

Turn a world of destinations into opportunity.

Explore destination planning, travel services and visitor experiences to understand the opportunities and responsibilities within the tourism industry.

DIPLOMA IN

Airline Cabin Crew Service

Bring confidence and care to every journey.

Explore cabin service, passenger communication and professional responsibilities to understand the care and coordination behind a positive onboard experience.

DIPLOMA IN

Successful Waiter

Make every service moment exceptional.

Discover the principles of restaurant service, guest communication and presentation to understand how thoughtful service creates a memorable dining experience.

DIPLOMA IN

Professional Barista

Craft better coffee. Create memorable moments.

Explore coffee preparation, espresso fundamentals and customer experience to build a clearer understanding of professional barista practice.

DIPLOMA IN

Solar Energy & Renewable Energy

Build knowledge for a cleaner energy future.

Discover how solar power and renewable energy systems work, and explore their role in the transition towards more sustainable energy.

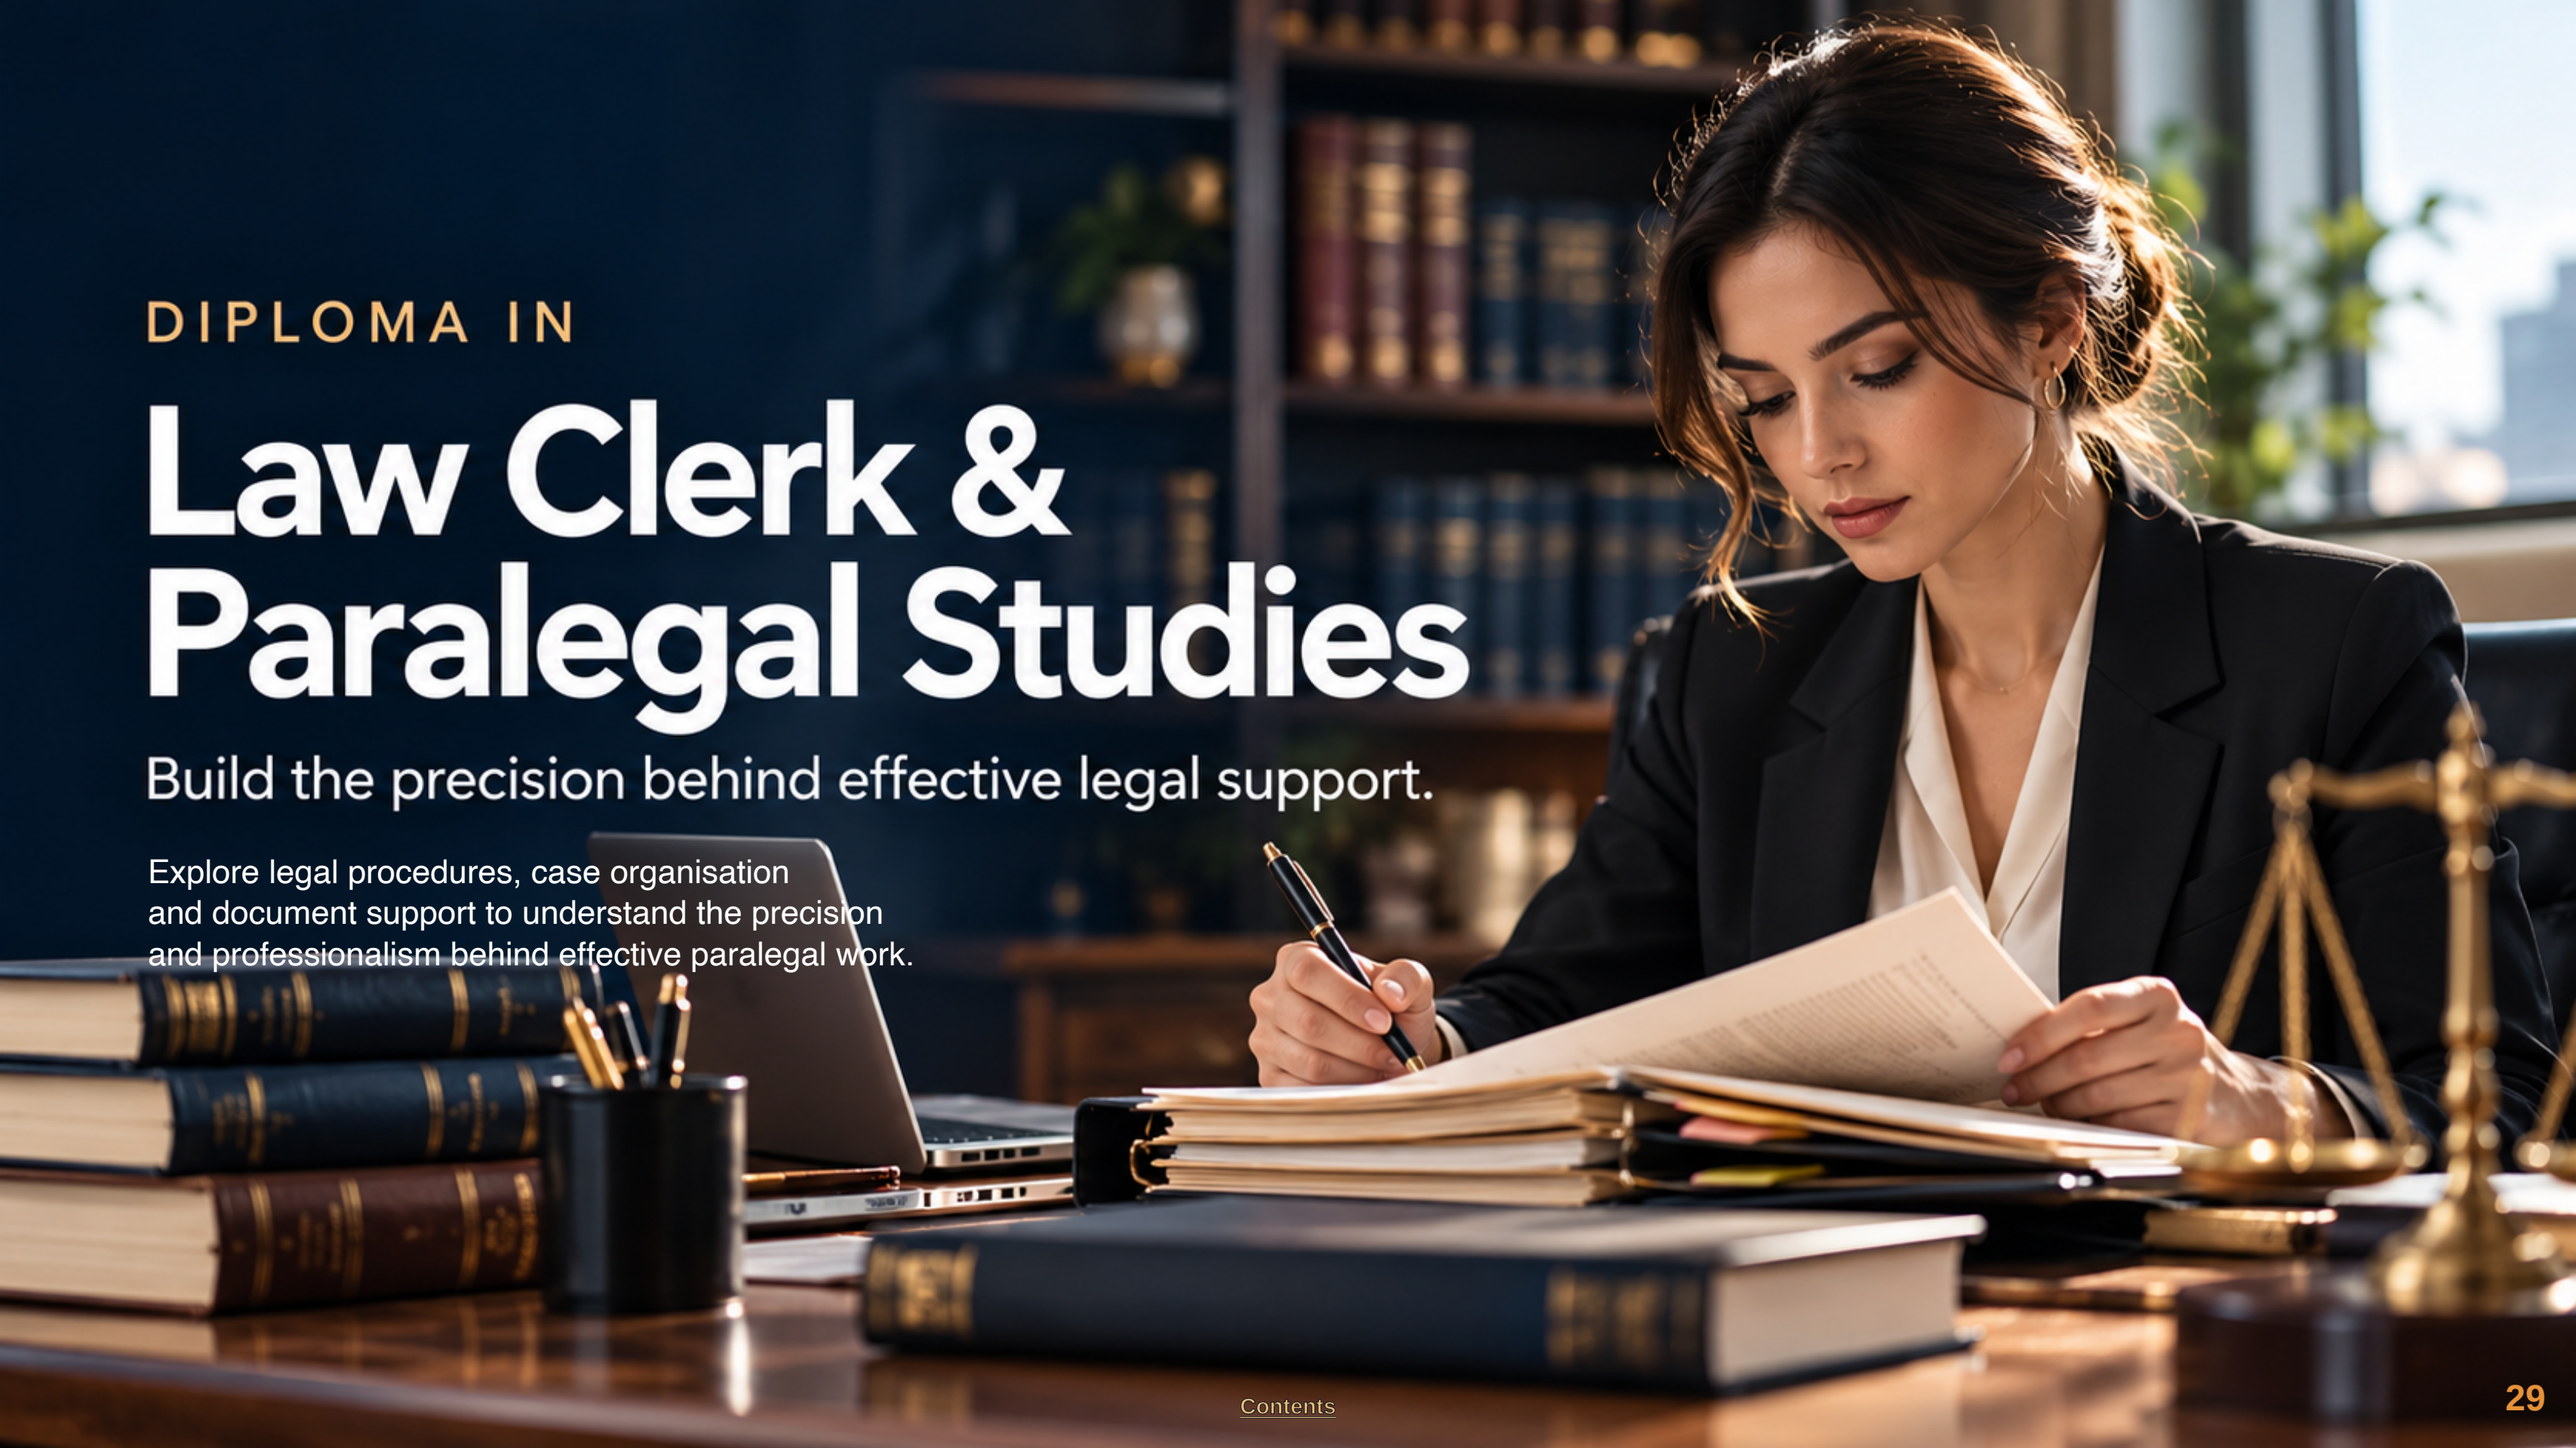

DIPLOMA IN

Wastewater Treatment & Recycling

Explore the systems that turn waste into resources.

Explore treatment processes, water reuse and resource recovery to understand how wastewater management supports environmental responsibility.

DIPLOMA IN

Law Clerk & Paralegal Studies

Build the precision behind effective legal support.

Explore legal procedures, case organisation and document support to understand the precision and professionalism behind effective paralegal work.

DIPLOMA IN
Real Estate Investing
See potential. Evaluate opportunities. Build strategy.
Explore property evaluation, investment fundamentals and risk awareness to develop a more informed perspective on real estate opportunities.

DIPLOMA IN

Diversity & Equality

Build inclusive spaces where everyone can thrive.

Explore inclusion, equal opportunity and respectful practice to understand how diverse perspectives contribute to fairer, more welcoming organisations.

DIPLOMA IN

Sports Coaching

Develop athletes. Inspire lasting performance.

Discover coaching principles, athlete development and communication approaches that support purposeful training and positive sporting experiences.

DIPLOMA IN

Football Coaching

Shape smarter players. Build stronger teams.

Explore football tactics, training design and player development to understand how purposeful coaching supports stronger individual and team performance.

DIPLOMA IN

Sports Marketing

Connect the passion of sport with powerful ideas.

Explore audiences, sponsorship and brand communication to understand how marketing connects sporting organisations with fans, partners and communities.

DIPLOMA IN

Floristry & Garden Design

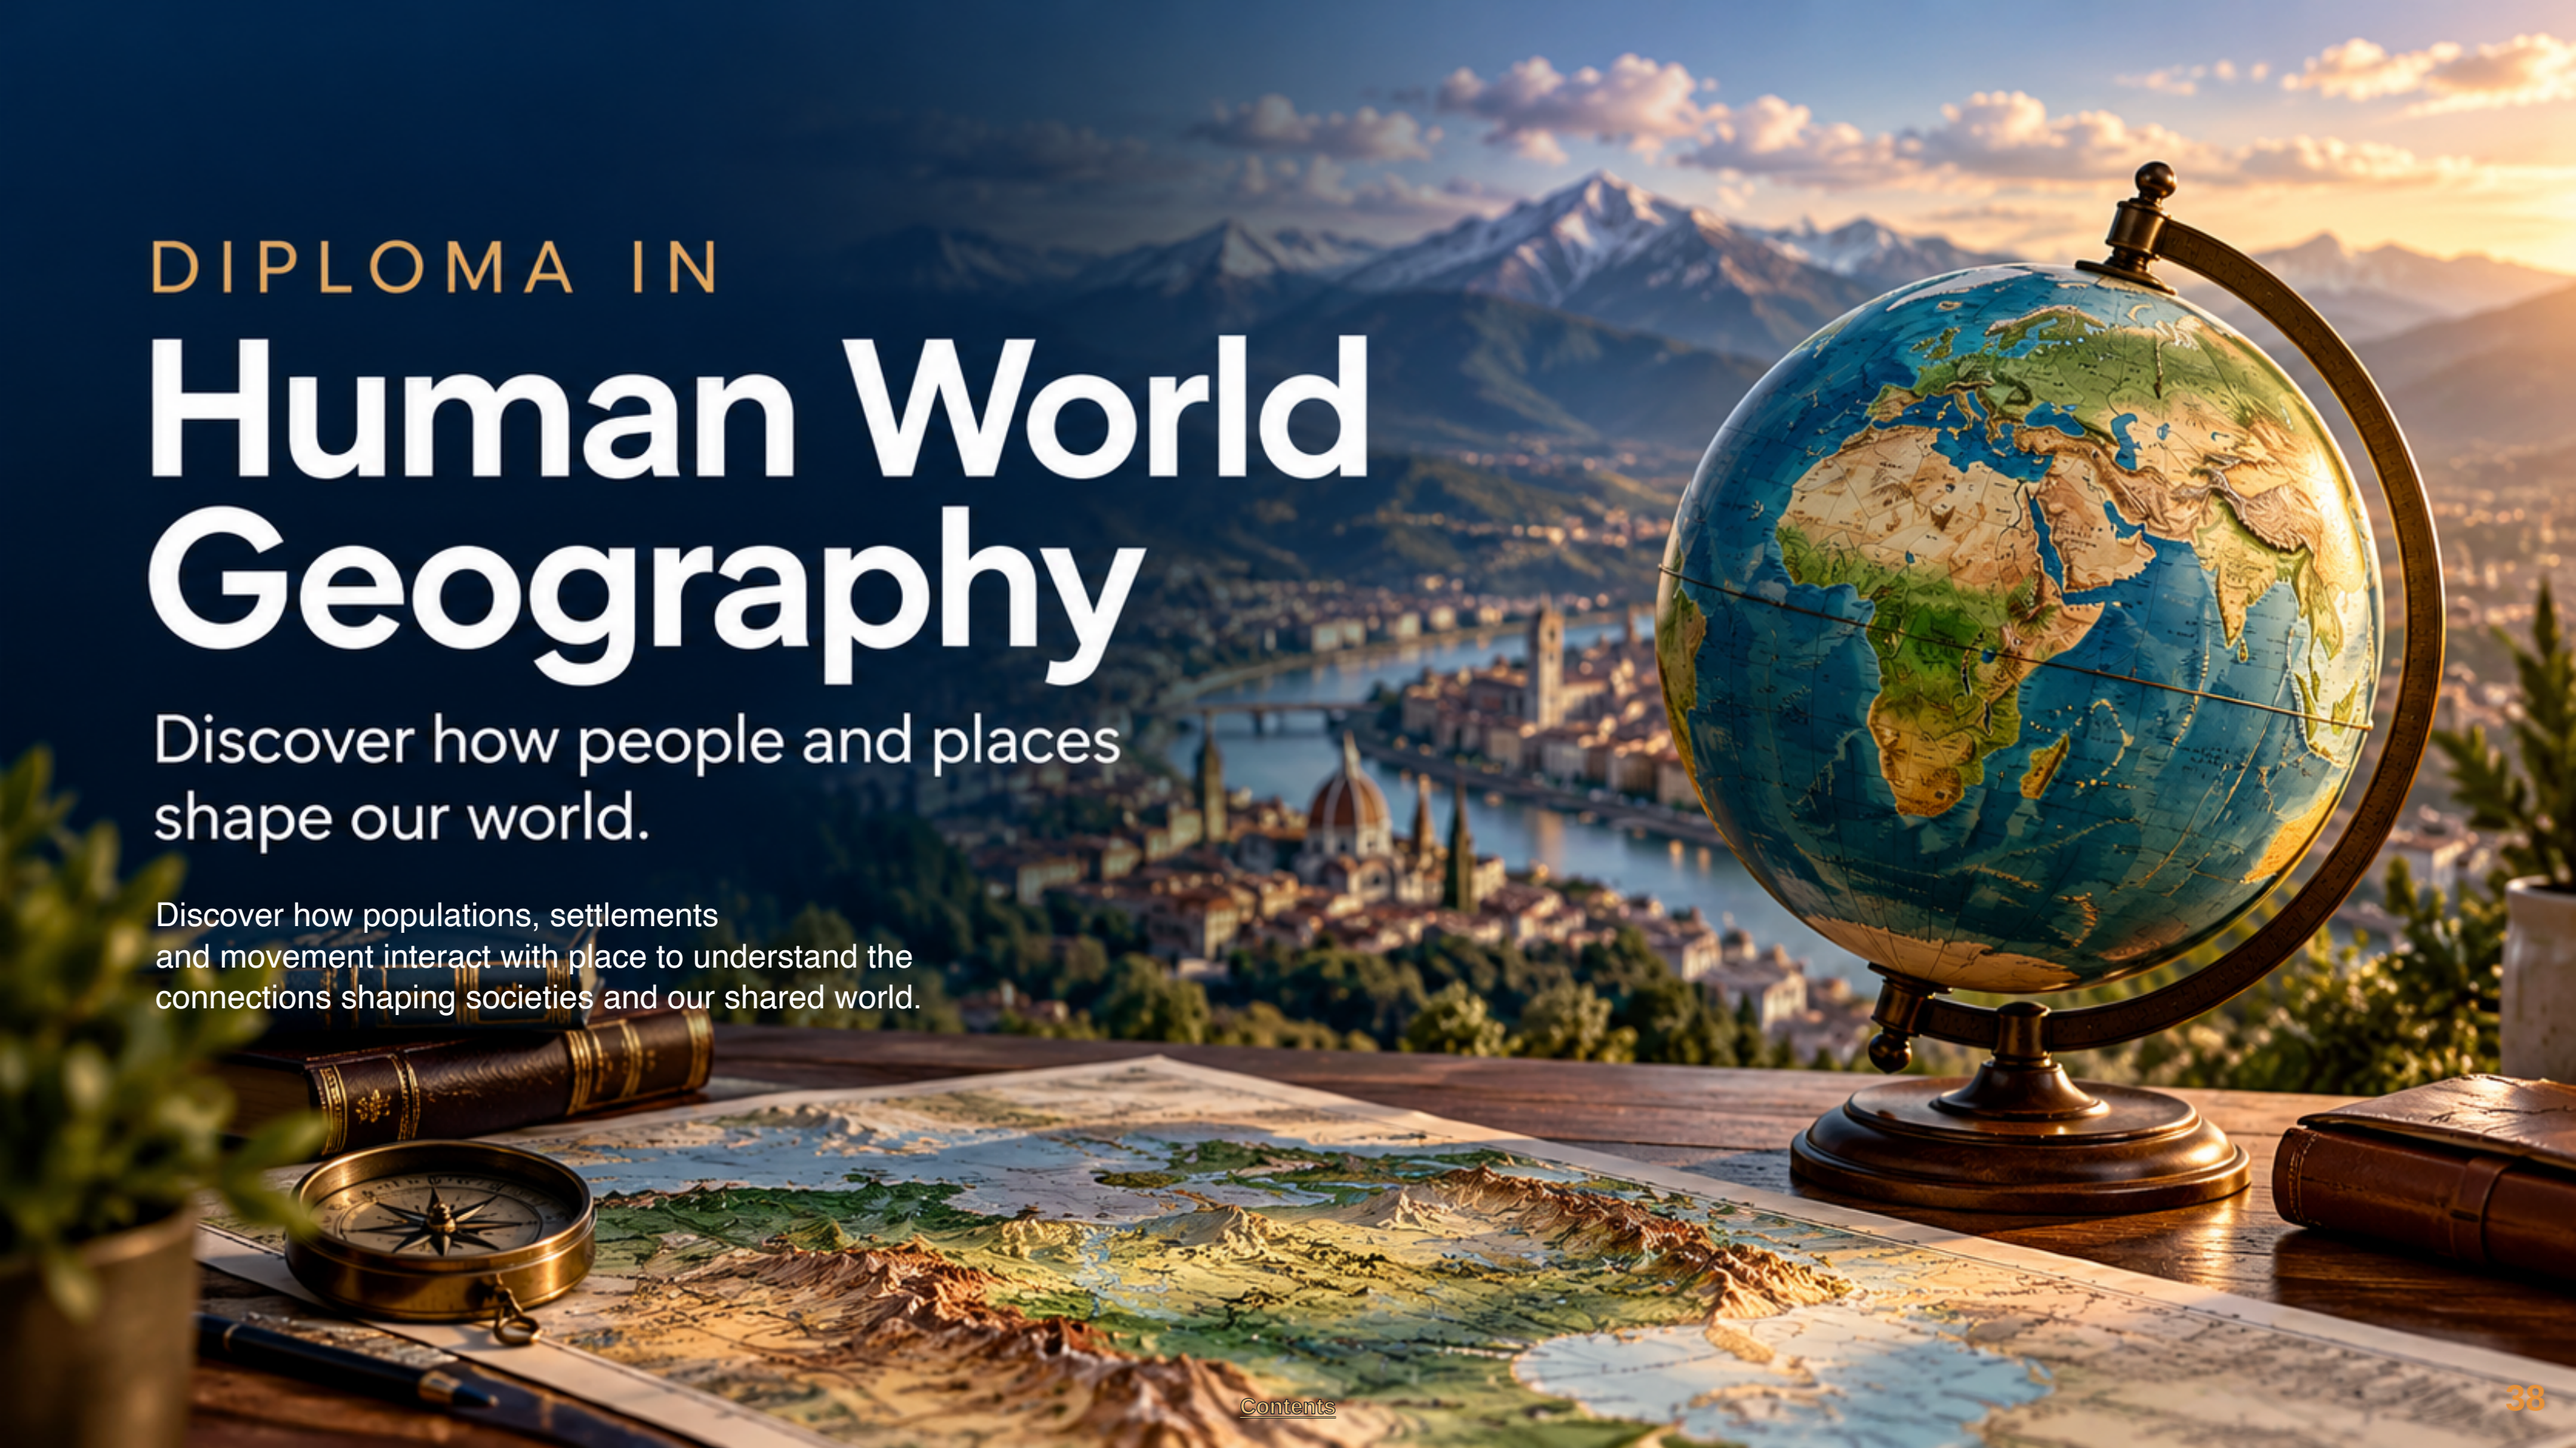

Bring beautiful spaces to life.

Explore floral composition, plant selection and spatial design to discover how thoughtful creativity brings gardens and arrangements to life.

DIPLOMA IN
Time Management
Take control of your time. Focus on what matters.
Discover practical approaches to prioritising, planning and managing distractions to create a more focused, purposeful approach to your time.

DIPLOMA IN
Earthquake &
Safety Measures
Prepare wisely. Respond with confidence.
Explore earthquake awareness, preparedness
and safety planning to understand
how informed preparation supports
a more confident response to seismic events.

DIPLOMA IN
Human World Geography
Discover how people and places shape our world.
Discover how populations, settlements and movement interact with place to understand the connections shaping societies and our shared world.

DIPLOMA IN

World History

Explore the past. Understand the world today.

Explore influential events, civilisations
and historical change to understand how the past
continues to shape societies and ideas today.

DIPLOMA IN

Cultural Studies & Developments

Explore the ideas and identities that connect us.

Explore cultural identities, social change and shared traditions to deepen your understanding of the diverse perspectives shaping communities.

DIPLOMA IN
Astronomy
Look beyond the horizon. Discover the universe.
Discover the foundations of stars, planets, galaxies and the wider universe, and begin exploring the science behind the night sky.

DIPLOMA IN

E-Commerce & Online Business Management

Turn digital opportunities into thriving online businesses.

Explore online store operations, digital marketing and customer experience, and discover how strategic planning and performance insights support sustainable e-commerce growth.

DIPLOMA IN
Import, Export & International Trade Management
Connect markets. Navigate trade. Expand your reach.
Explore international trade processes, shipping documents and market entry, and discover how effective planning supports cross-border transactions and global business opportunities.

DIPLOMA IN
Supply Chain, Procurement & Global Logistics
Connect sourcing, movement and delivery with confidence.
Explore procurement, inventory and transport management, and discover how coordinated supply chains connect suppliers, businesses and customers through efficient global logistics.

DIPLOMA IN

Nursing Assistant

Build practical skills for compassionate patient care.

Explore patient support, professional communication and compassionate care to build a clearer understanding of the nursing assistant's role.

DIPLOMA IN
Caregiver
Make a meaningful difference through everyday care.
Explore everyday support, communication and personal wellbeing to understand how attentive caregiving can strengthen comfort, dignity and independence.

DIPLOMA IN

Caring for Alzheimer's & Dementia

Support every person with patience and understanding.

Deepen your understanding of Alzheimer's and dementia, and explore person-centred approaches that support communication, dignity and everyday wellbeing.

DIPLOMA IN

Medical Laboratory Assistant

Build precision behind every laboratory result.

Explore laboratory workflows, sample handling and quality awareness to understand the accuracy and organisation behind dependable laboratory support.

DIPLOMA IN
Phlebotomy
Develop precision. Deliver thoughtful patient care.
Explore blood collection principles, specimen handling and patient communication to build a clear foundation in professional phlebotomy support.

DIPLOMA IN

CPR and First Aid

Build the confidence to act when it matters.

Discover the essentials of CPR, first aid and emergency readiness to understand the importance of informed, timely support.

DIPLOMA IN

Pharmacy Technician Assistant

Bring accuracy and care to pharmacy support.

Explore medicine handling, pharmacy workflows and professional responsibilities to understand the accuracy and care involved in pharmacy support.

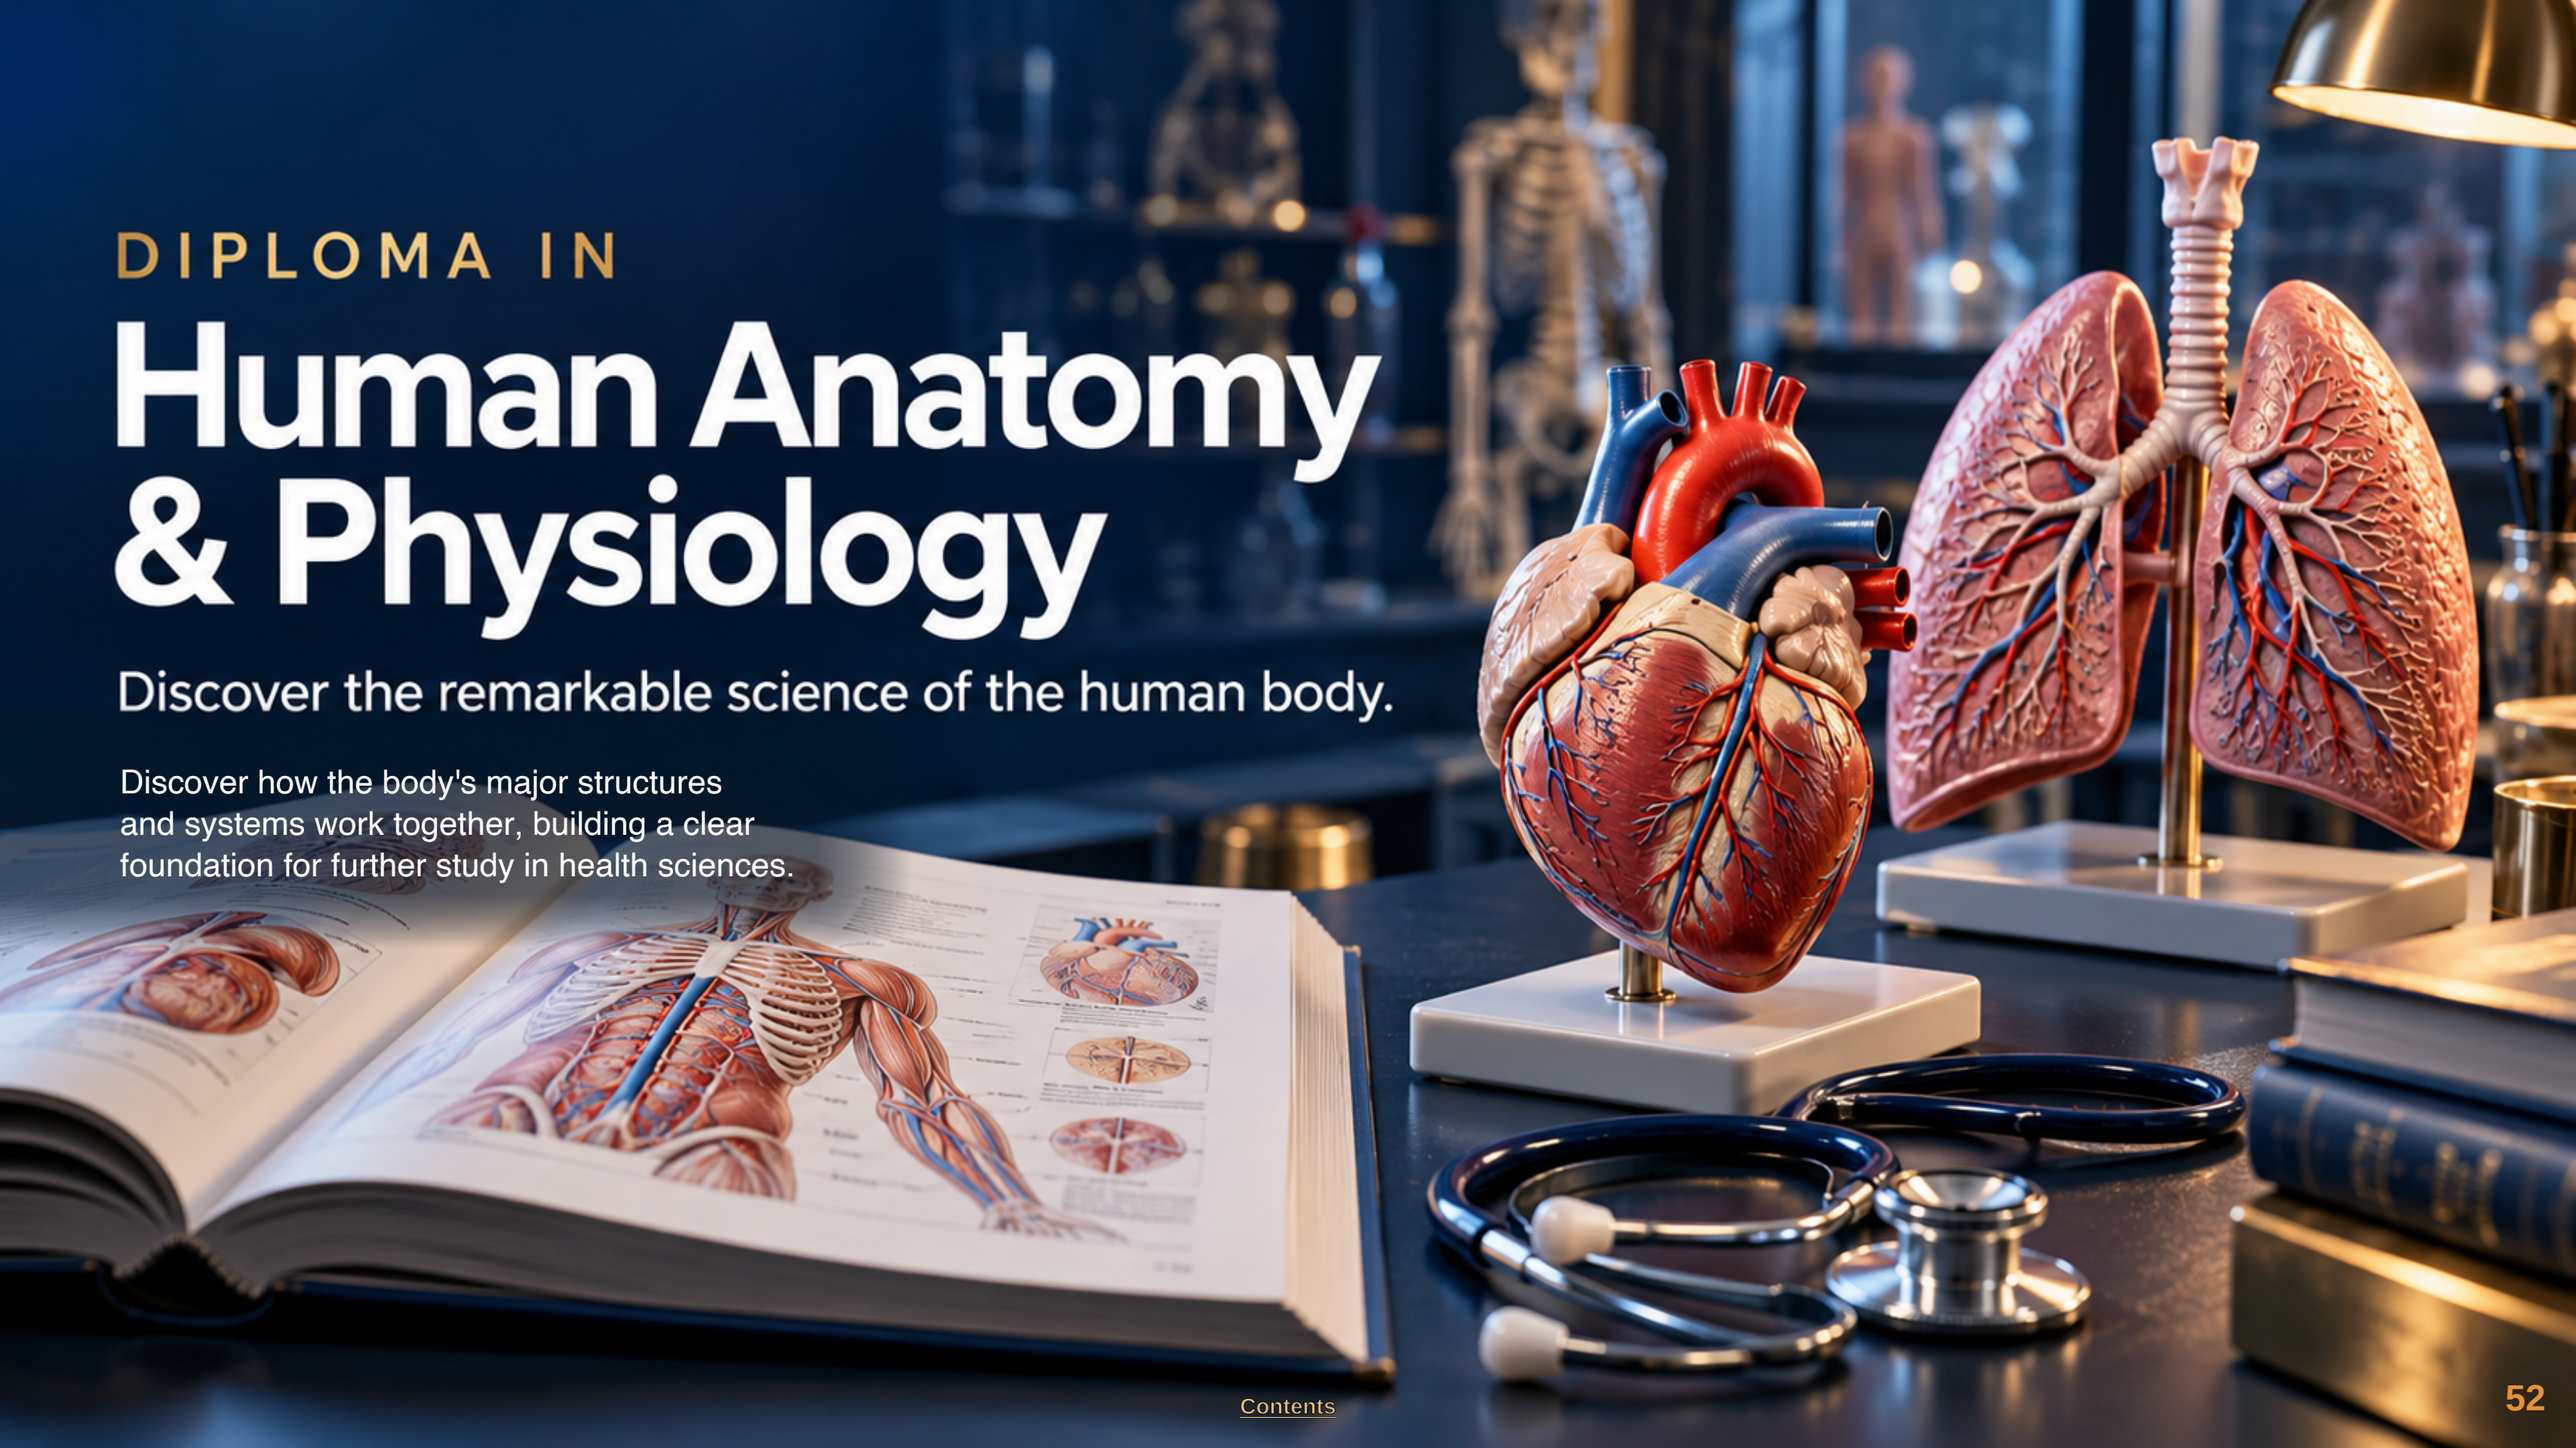

DIPLOMA IN

Human Anatomy & Physiology

Discover the remarkable science of the human body.

Discover how the body's major structures and systems work together, building a clear foundation for further study in health sciences.

DIPLOMA IN

Healthcare Cleaning Management

Lead cleaner Spaces. Support safer care.

Explore hygiene planning, cleaning procedures and team coordination to understand how well-managed environments support quality healthcare services.

DIPLOMA IN

Nutrition

Understand nutrition. Inspire healthier choices.

Explore the relationship between food, nutrients and wellbeing to build a practical foundation for understanding balanced nutrition and healthier choices.

DIPLOMA IN

Diabetology & Diabetes Control

Build knowledge for informed diabetes care.

Explore diabetes, glucose regulation and informed care to better understand the factors influencing diabetes management and everyday wellbeing.

DIPLOMA IN

Autism Spectrum Disorder

Deepen understanding. Create more inclusive support.

Deepen your understanding of autism and explore person-centred approaches that support communication, inclusion and meaningful everyday participation.

DIPLOMA IN

Early Child Daycare Education

Nurture curious minds from the very beginning.

Explore child development, learning environments and caring practice to understand how early education can nurture curiosity, confidence and growing independence.

DIPLOMA IN

Physiotherapy Machines

Explore the technology supporting rehabilitation.

Discover equipment and technologies used in physiotherapy, and explore their role in supporting rehabilitation and informed professional practice.

DIPLOMA IN

Sports Injuries

Understand injury. Support the path to recovery.

Explore common sports injuries, prevention principles and rehabilitation concepts to understand the challenges athletes face on the path to recovery.

DIPLOMA IN

Sports Fueling & Performance

Understand the nutrition behind athletic performance.

Discover how nutrition, hydration and recovery connect with training, and explore the foundations of fueling athletic performance.

DIPLOMA IN
Cosmetic Injectables, Botox & Fillers
Explore aesthetic practice with precision and care.
Explore facial aesthetics, injectable treatment concepts and responsible practice through a focused introduction to the foundations of cosmetic injectables.

DIPLOMA IN

Skin Care & Skin Treatment

Discover the science behind thoughtful skin care.

Explore skin structure, care principles and treatment concepts to build a clearer understanding of informed, thoughtful skin care.

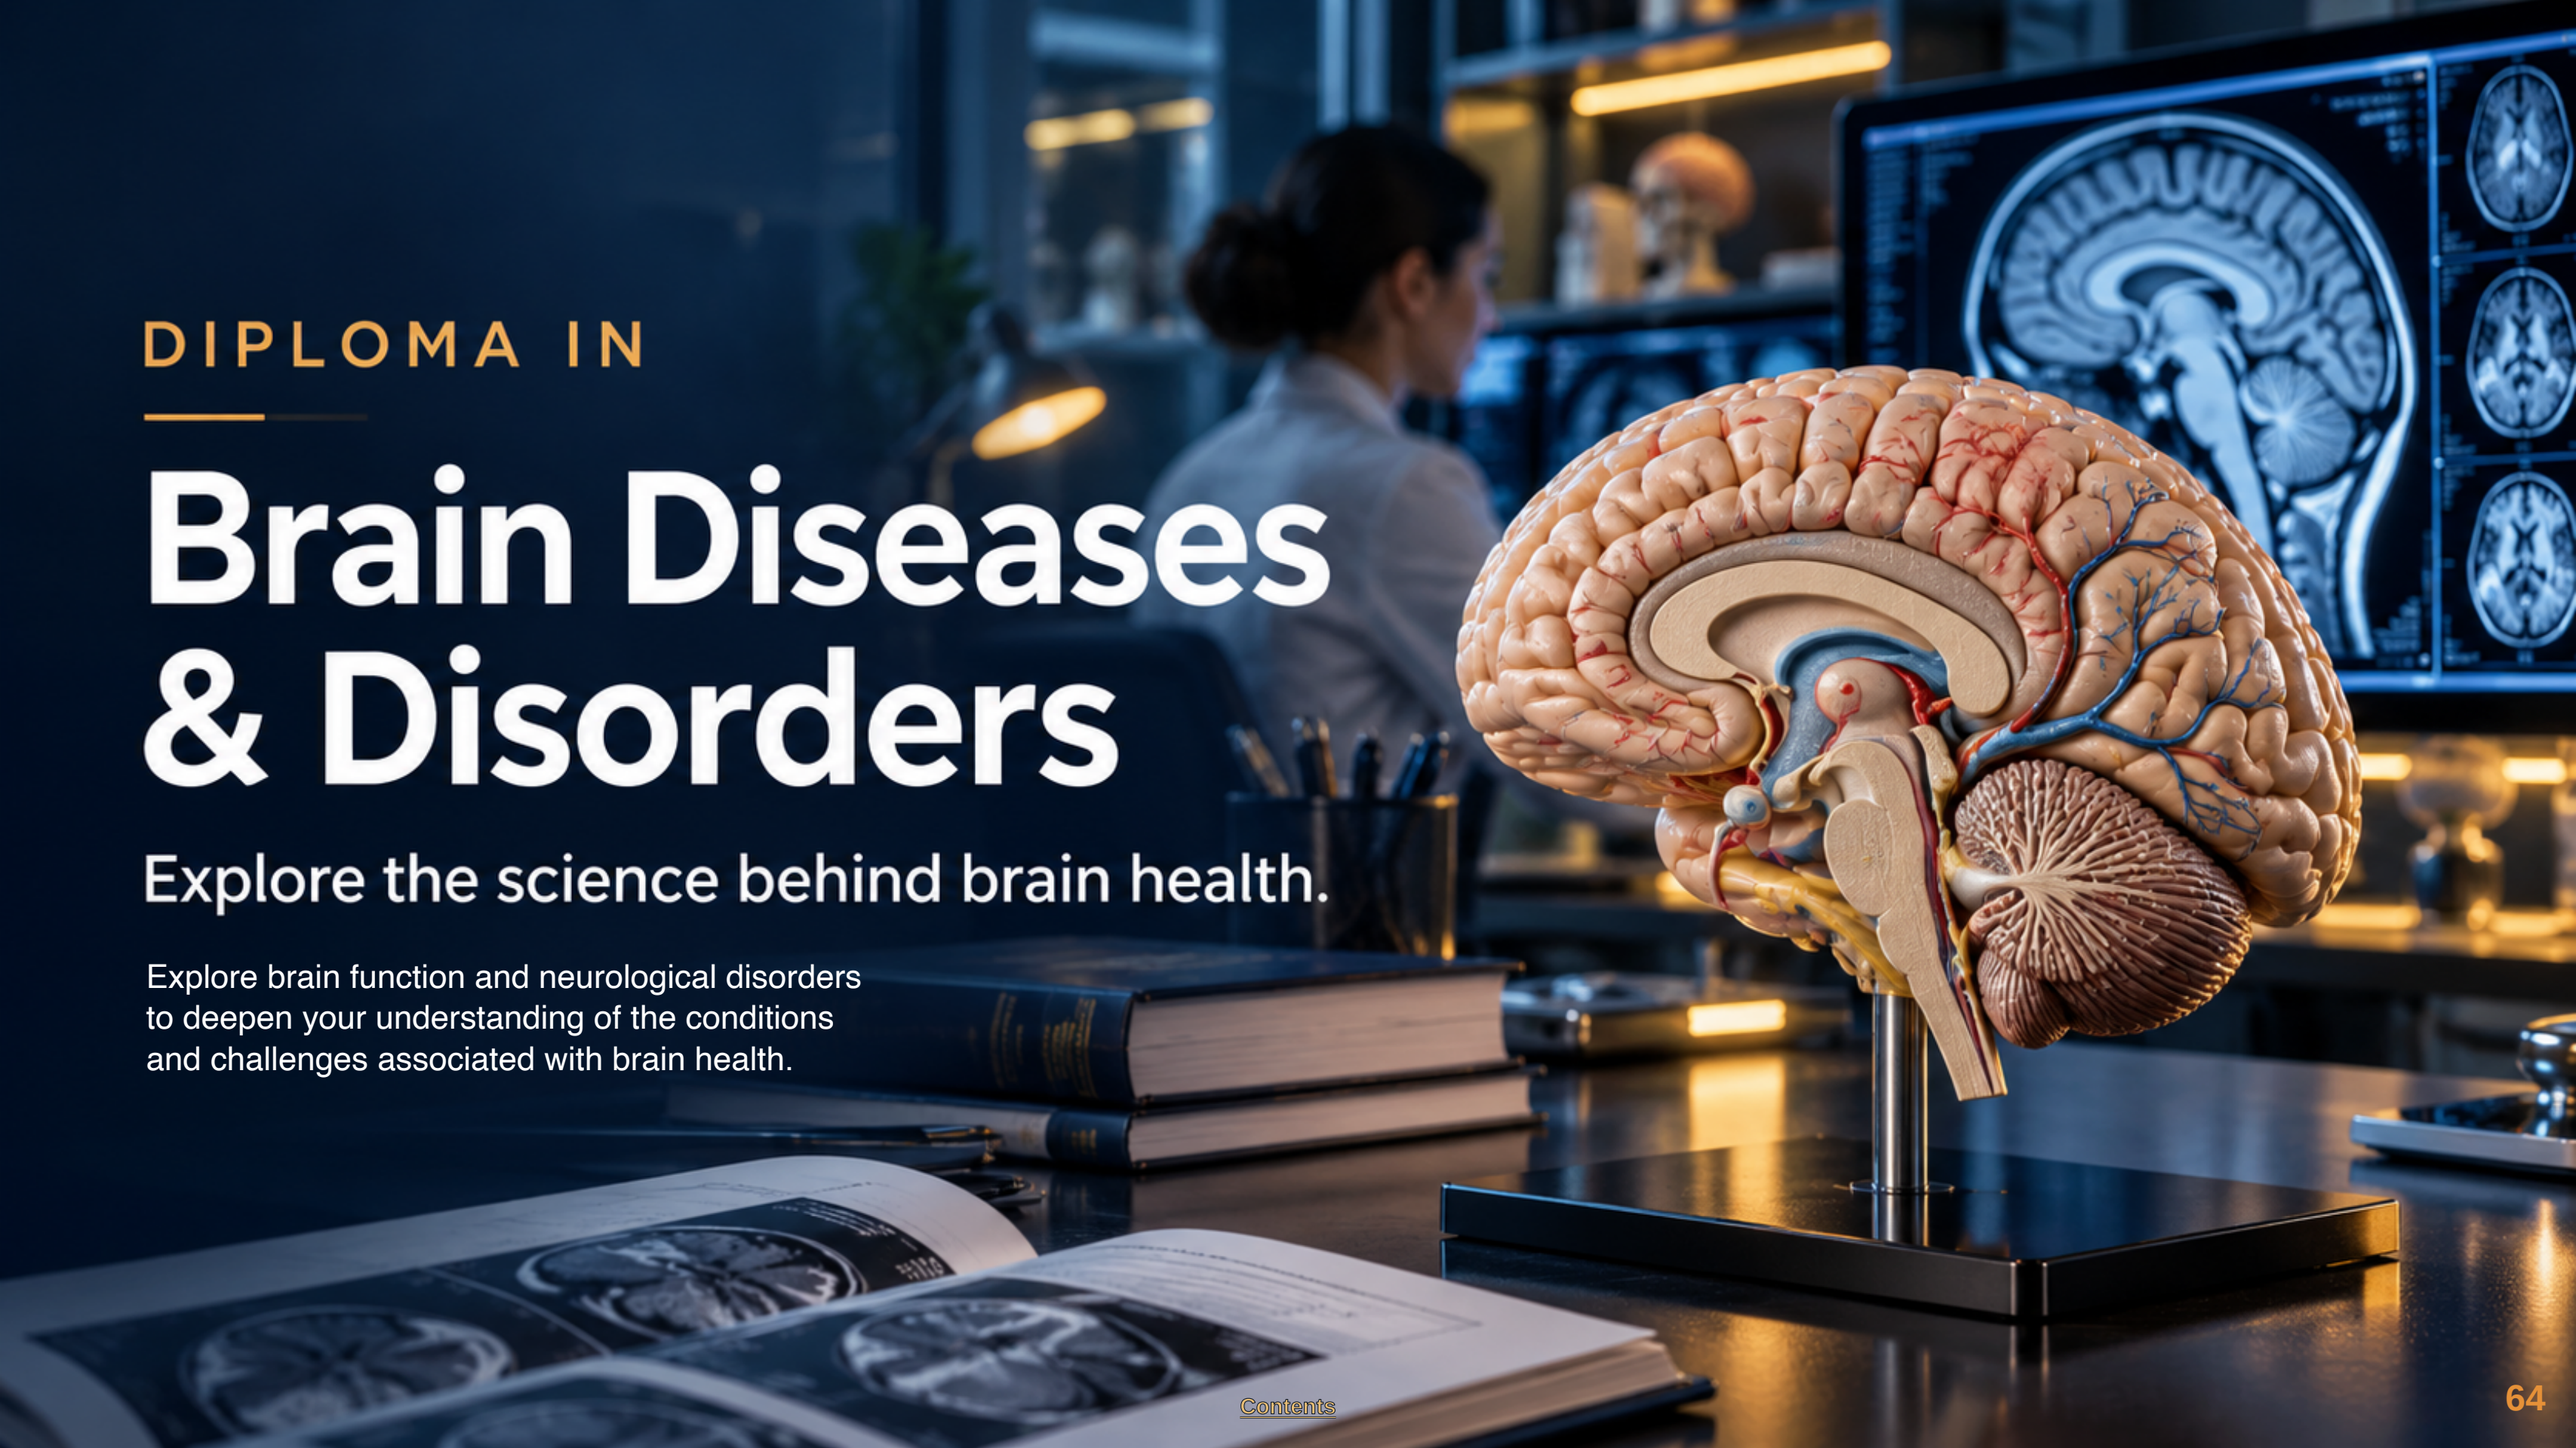

DIPLOMA IN

Beauty & Beauty Therapy

Refine your technique. Elevate every experience.

Explore beauty treatment principles and client care while developing a professional perspective on personalised, welcoming beauty experiences.

DIPLOMA IN

Brain Diseases & Disorders

Explore the science behind brain health.

Explore brain function and neurological disorders to deepen your understanding of the conditions and challenges associated with brain health.

DIPLOMA IN

Understanding Epilepsy & Seizures

Build awareness. Strengthen understanding and support.

Develop a clearer understanding of epilepsy and seizures, with a focus on awareness, informed support and respectful, person-centred care.

DIPLOMA IN

Sports & Exercise Psychology

Explore the mindset behind meaningful performance.

Explore motivation, focus and mental resilience to understand the psychological factors shaping participation, wellbeing and performance in sport.

DIPLOMA IN

Weight Loss Management

Build knowledge for sustainable, healthier habits.

Explore nutrition, behaviour and sustainable lifestyle habits to build an informed understanding of balanced, long-term weight management.

DIPLOMA IN

Pets First Aid & CPR

Be ready to care when pets need you most.

Explore pet first-aid and CPR principles to build awareness, recognise urgent situations and understand the importance of timely veterinary support.

DIPLOMA IN

AI Applications in Healthcare

Explore intelligent tools for better healthcare.

Explore healthcare uses of artificial intelligence, clinical data and decision-support tools, and discover how responsible implementation can support professionals and improve workflows.

DIPLOMA IN

Digital Health, Electronic Health Records & Health Informatics

Connect health information. Support informed care.

Explore electronic health records, connected care and health informatics, and discover how secure information management supports coordinated services and informed healthcare decisions.

DIPLOMA IN

Healthcare Administration & Patient Safety

Lead efficient services. Put patient safety first.

Explore healthcare operations, service leadership and patient safety, and discover how effective administration and quality improvement support reliable, patient-centred care.

DIPLOMA IN

Infection Prevention Control & Healthcare Quality

Prevent infection. Advance safer, higher-quality care.

Explore infection prevention, risk assessment and healthcare quality, and discover how sound hygiene practices and continuous improvement help create safer care environments.

DIPLOMA IN

Sports Science

Understand movement. Support performance. Inspire wellbeing.

Explore exercise physiology, biomechanics and performance principles, and discover how scientific understanding of movement supports effective training, recovery and physical wellbeing.

DIPLOMA IN

Medical Coding, Billing & Health Insurance

Connect clinical documentation with accurate reimbursement.

Explore medical terminology, coding principles and insurance claims, and discover how accurate documentation supports billing processes, reimbursement and efficient healthcare administration.

DIPLOMA IN

Chiropractic Therapy

Explore spinal health, movement and patient-centred care.

Explore spinal anatomy, movement assessment and chiropractic care principles, and discover how evidence-informed approaches support understanding of musculoskeletal health and patient-centred care.

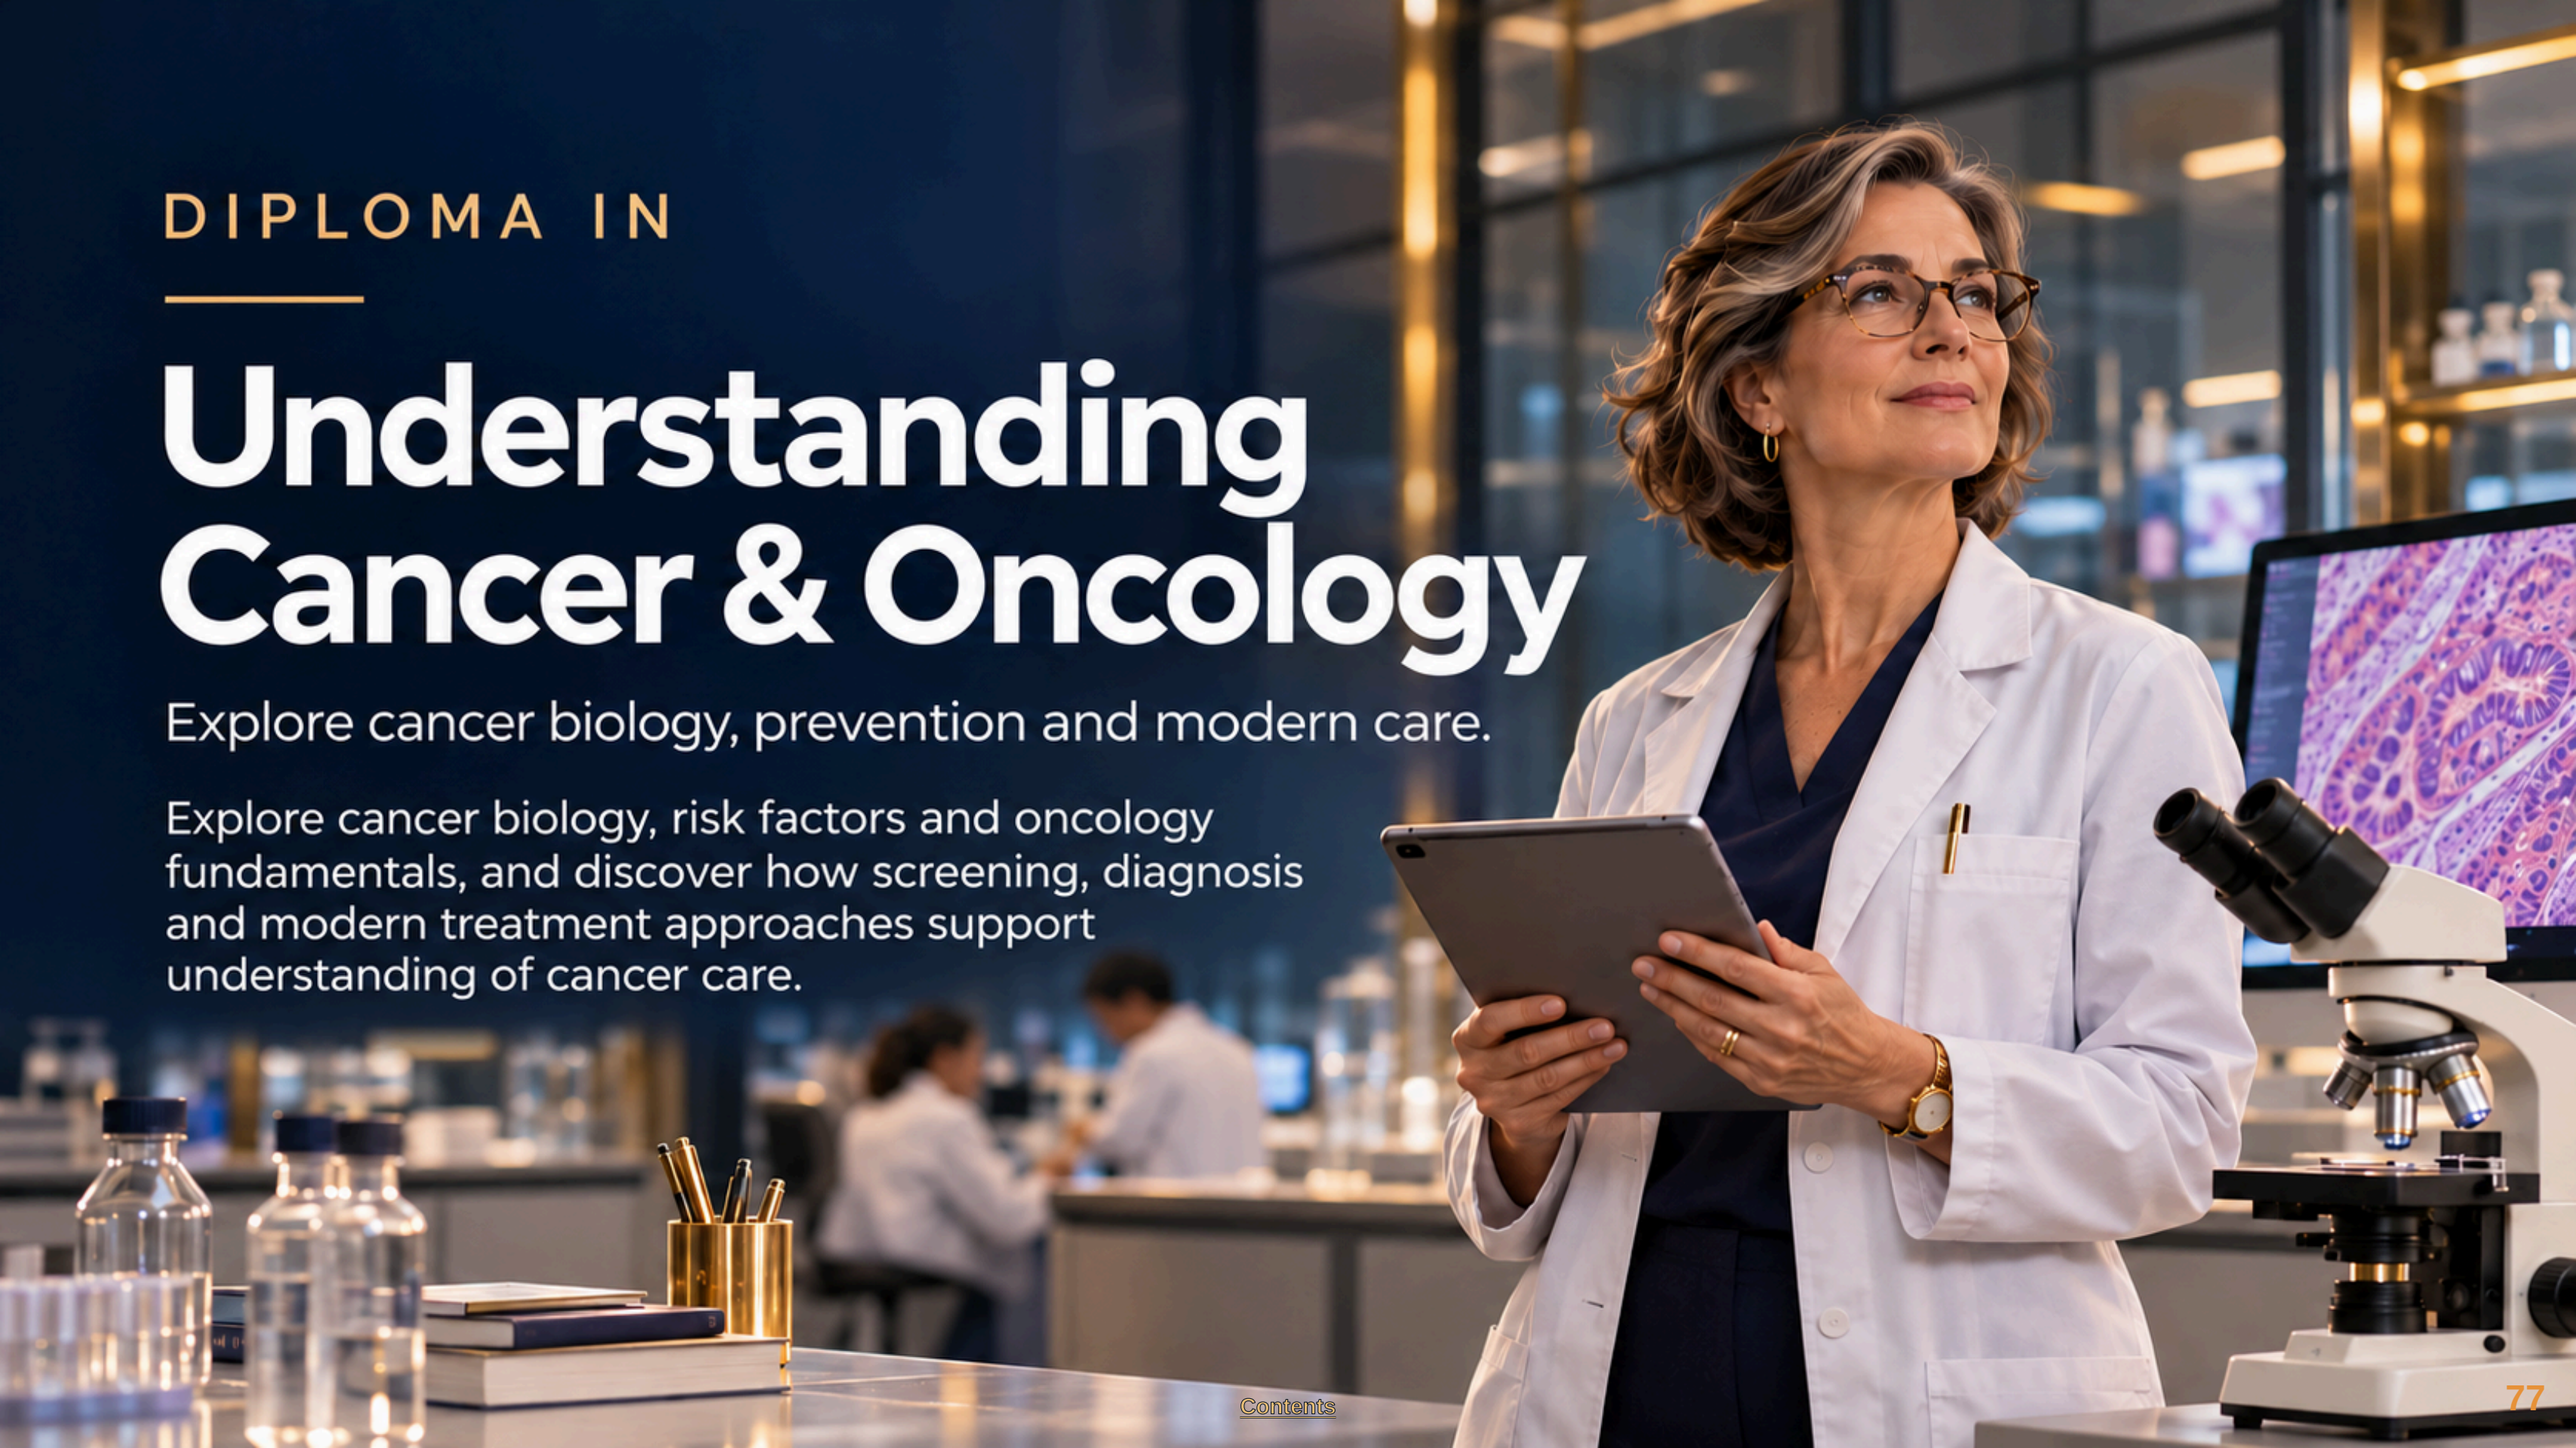

DIPLOMA IN

Understanding Cardiovascular Diseases

Understand the heart. Recognize disease. Build knowledge.

Explore heart function, cardiovascular risk factors and common diseases, and discover how prevention, clinical assessment and treatment principles shape modern cardiovascular care.

DIPLOMA IN

Understanding Cancer & Oncology

Explore cancer biology, prevention and modern care.

Explore cancer biology, risk factors and oncology fundamentals, and discover how screening, diagnosis and modern treatment approaches support understanding of cancer care.

DIPLOMA IN

Digital Marketing

Turn insights into campaigns that connect.

Explore digital channels, campaign planning and performance insights to understand how effective marketing connects organisations with their audiences.

DIPLOMA IN

Social Media Marketing

Create content that sparks meaningful connections.

Discover content planning, audience engagement and campaign evaluation to understand how purposeful social media activity builds stronger brand connections.

DIPLOMA IN
Artificial Intelligence Communications
Connect human ideas with intelligent possibilities.
Explore how artificial intelligence supports communication, content and human interaction, and discover the possibilities of more thoughtful digital conversations.

DIPLOMA IN

Emotional & Business Intelligence

Understand people. Make more insightful decisions.

Explore emotional awareness and business insight to understand how empathy, information and judgement contribute to stronger professional decisions.

DIPLOMA IN

Electric Vehicle Technology

Explore the engineering driving electric mobility.

Discover the foundations of electric powertrains, batteries and charging systems, and explore the technologies shaping the future of mobility.

DIPLOMA IN
Understanding Cryptocurrencies
Explore digital assets with clarity and confidence.
Explore digital assets, blockchain fundamentals and risk awareness to build a clearer understanding of cryptocurrencies and their evolving applications.

DIPLOMA IN

Robotics

Explore the systems that bring intelligent machines to life.

Explore robotic systems, sensing and automation to discover how engineering and intelligent control bring machines into purposeful action.

DIPLOMA IN

Digital Social Media in Healthcare

Communicate health information with clarity and care.

Explore digital content, audience engagement and responsible communication to understand how social media can support clearer, more accessible health information.

DIPLOMA IN
Models & Trends in Computer Vision
Discover how machines learn to see.
Discover how computer vision interprets images, and explore the models, applications and emerging ideas shaping machine perception.

DIPLOMA IN

Digital Journalism

Find the story. Report with clarity.

Explore digital reporting, verification and multimedia storytelling to understand how clear, responsible journalism informs audiences in a connected world.

DIPLOMA IN

E-Sports

Explore the strategy behind competitive gaming.

Explore competitive gaming, team coordination and industry fundamentals to understand the strategy and professionalism behind modern esports.

DIPLOMA IN
Digital Photography
See with intention. Capture with confidence.
Explore composition, light and camera fundamentals to develop a more intentional, expressive approach to capturing compelling photographs.

DIPLOMA IN

AI Agents & Intelligent Business Automation

Automate smarter. Coordinate work. Build business value.

Explore intelligent agents, connected workflows and business automation, and discover how well-designed instructions and human oversight help streamline everyday operations.

DIPLOMA IN

Generative AI & Prompt Engineering

Turn better prompts into creative possibilities.

Explore generative AI tools, effective prompting and creative workflows, and discover how clear instructions help produce useful content, ideas and practical solutions.

DIPLOMA IN

Cybersecurity & Network Defense

Protect digital systems. Strengthen network resilience.

Explore cybersecurity principles, network protection and threat detection, and discover how practical security controls help safeguard systems, information and digital operations.

DIPLOMA IN
Data Analytics, Power BI & Business Intelligence
Transform data into clear business decisions.
Explore data preparation, interactive dashboards and Power BI, and discover how visual analytics turns business information into meaningful insights and informed decisions.

DIPLOMA IN

Instructional Design & E-Learning Development

Create learning that engages, informs and inspires.

Explore learning design, digital content creation and online assessment, and discover how engaging educational experiences support clear understanding and purposeful learning.

DIPLOMA IN

Web & Mobile Application Development

Build seamless digital experiences across every screen.

Explore web technologies, mobile interfaces and application development, and discover how thoughtful design, coding and testing turn ideas into practical digital experiences.
